PERSONAL PROJECTS

Landing page

- Developed a cartoon themed landing page for children's brands or entertainment-focused projects. This shows my creativity in web development, combining HTML, CSS, and JavaScript to create a fun, user-friendly experience.

Portfolio

- A portfolio is a collection of my professional work, showcasing my skills, projects, and achievements. My portfolio provides tangible examples of the value I bring, offering insights into my approach and expertise.

Apparel Store Website

- Apparel Store websites is web based application intended for online retailers.. With the help of HTML and CSS, java script, PHP, MySQL, developers can create attractive and interactive websites that can be used to order clothes, accessories like t-shirt, watches, shoes etc online.
